## Healthcare Reform — What Employers Need to Know

### Summary of Program

The Supreme Court has spoken and the Patient Protection and Affordable Care Act (“PPACA”) is here to stay. It is now critical that employers of all sizes learn how the PPACA may impact their workplace. Join Weintraub Tobin, and special guest speaker, Vincent Catalano, MBA, Area Vice President/Employee Benefits Consultant from Arthur J. Gallagher & Co., Inc., for this very timely and informative panel discussion about how employers can navigate the complexities of, and comply with, the PPACA.

### Program Highlights

- Determining who is a covered employer under the PPACA.
- “Pay or Play” mandates – the details of what employers must do.
- A discussion of available tax credits.
- Understanding the consequences of non-compliance: *penalties, penalties, penalties*.
- What the California Exchange “Covered California” is and what it means for employers.
- Benefits of PPACA including coverage of dependents to age 26, women’s health enhancements and preventative care and other patient protections.
- Strategies the proactive employer can take.
